Product Backgrounder

Immuno-Viva: Now a body can defend itself with the power of nature.

Immuno-Viva is a daily nutritional supplement formulated to enhance the body's ability to defend against common health concerns, boost the immune system and promote a healthy inflammatory response. The unique blends of ingredients enhance the antioxidant value of the supplement, making the Immuno-Viva line of products a supreme source of natural, highly potent antioxidants. Studies conducted by researchers at the University of Minnesota have found the antioxidant properties of Immuno-Viva to strengthen the immune system, fight free radicals and improve overall health.

The Products

The Immuno-Viva family of products is designed to address specific health needs and improve overall health. Immuno-Viva gives consumers the ability to take responsibility for their own health with Immuno-Viva Core, the foundation of the product family. Supplemental products are optimized to target specific benefits and enhance certain aspects of health when used in conjunction with Immuno-Viva Core. Immuno-Viva products are manufactured using all-natural ingredients and NatureFRESH™ Cold Press technology to ensure purity and potency.

Immuno-Viva Core

A daily dose of Immuno-Viva Core, a rich blend of black raspberry and black cumin seeds, is the foundation to enhancing overall health. The oils extracted from these seeds contain beneficial amounts of antioxidants, health promoting nutrients and Omega 3 and 6 essential fatty acids. Research studies have shown Immuno-Viva Core to boost the immune system, support a healthy inflammatory response, and promote cardiovascular, blood lipid and skin health.

In Liquid Form
5 ounce bottle
Serving size: 1 teaspoon daily, 4.5 grams
Servings per container: 30
One month supply for \$50.00

In Softgel Capsules
Serving Size: 4 capsules daily, 650 milligrams each
Servings per container: 120

One month supply for \$50.00

Immuno-Viva Ease

Immuno-Viva Ease is designed to promote normal inflammation response. Immuno-Viva Ease contains oil extracted from red raspberry seeds which has been shown to support a healthy inflammatory function. While Immuno-Viva Ease has some of the same immune system support and cardiovascular benefits of Immuno-Viva Core, it is specialized to contain even more powerful levels of ingredients supporting the inflammatory response. Serving size: 1 teaspoon daily, 4.5 grams

Servings per container: 30
One month supply for \$50.00

Immuno-Viva Recovery

Immuno-Viva Recovery is formulated to support athletic lifestyles. Made up of a powerful blend of flours extracted from blueberry, cranberry, grape, pomegranate, red and black raspberry, milk thistle and black cumin, Immuno-Viva Recovery is ideal for the active individual. The antioxidant rich nutri-seed power flours of Immuno-Viva Recovery help to counteract the free radical imbalance caused by strenuous exercise and repair damaged cells.

Serving size: 2 capsules daily, 650 milligrams each
Servings per container: 60
One month supply for \$26.00

Probiotic+

Probiotic+ is designed to help people of all ages maintain healthy digestive and urinary tracts through its unique combination of seven different probiotics and an all natural cranberry plant agent.

60 capsules per container
Serving Size: 2 capsules daily, 650 milligrams each
Servings per container: 60
Price: One month supply for \$22.00

Immuno-Viva Boost

Immuno-Viva Boost is designed to provide an extra boost of immune system support. The combination of antioxidant-rich black raspberry and black cumin seed flours in Immuno-Viva Boost create a water-soluble antioxidant that complements the oil-soluble Immuno-Viva Core. These two products, taken together, provide even greater immune support than either one can achieve alone.

Serving size: 2 capsules daily, 650 milligrams each

Servings per container: 60
One month supply for \$22.00

Immuno-Viva Smart

Immuno-Viva Smart is formulated to help people, especially the elderly, retain their mental acuity. Made with the powerful antioxidant flours of blueberry and grape seeds, Immuno-Viva Smart provides a boost for the brain. Studies show that Immuno-Viva Smart successfully supports a strong cerebral vascular system and promotes neural health.

Serving size: 2 capsules daily, 650 milligrams each
Servings per container: 60
One month supply for \$22.00
