

immuno-viva: natural power for immune support

Immuno-Viva combines all-natural, food-based ingredients; the NatureFRESH Cold Press™ process; and the power of the seed. Immuno-Viva employs nature's most potent sources of nutrients – fruit and herb seeds – that contain a full spectrum of antioxidant activity, omega fatty acids, essential minerals like magnesium, zinc and calcium, and other valuable nutrients.*

Immuno-Viva ingredients retain their natural power. The NatureFRESH Cold Press™ process gently presses and separates the seeds into oils and flours without the use of heat or chemicals to preserve the natural character of the oils. The result is a product that is exceptionally pure and nutritionally rich.

This method of cold pressing seeds is not the most efficient, but it yields the most powerful and nutritionally rich oils and flours. Other processes require harsh chemicals, synthetic stripping, and high temperatures that compromise the botanicals' inherent nutritional properties. Immuno-Viva takes no short cuts. Our mechanical extraction process has been certified organic. The end result is pure, highly powerful oils and flours that make up our line of natural supplements.

Some of the key ingredients found in our powerful supplements:

- **Nigella Gold™:** (*Black Cumin/Nigella Sativa seed oil*) is known to boost immune function.* Immuno-Viva oil blends with Nigella Gold are patent-protected. The composition of cold pressed Nigella Gold™ and our other NatureFRESH Cold Press oils in CORE & EASE exhibit total antioxidant activity great than the sum of the individual oils*!
- **Black Raspberry Seed Oil & Nutri-Powder:** Powerful antioxidant activity, loaded with Omega 3 and Omega 6 essential fatty acids.*
- **Red Raspberry Seed Oil & Nutri-Powder:** Rich with antioxidant activity, essential fatty acids, contains Vitamin E in a variety of forms and also possesses a broad spectrum of antioxidant activity*.
- **Blueberry Seed Nutri-Powder**
- **Cranberry Seed Nutri-Powder**
- **Grape Seed Nutri-Powder**
- **Pomegranate Seed Nutri-Powder**

CORE Oil and Capsules: Total Wellness

CORE supports a wide range of health benefits. It contains **black raspberry** and **Nigella Gold™** (black cumin) seed oils extracted through the NatureFRESH Cold Press™ process, which requires 8 pounds of berries to make just one half teaspoon of oil. CORE's powerful

ingredients, rich in omega fatty acids and with antioxidant activity, offer nutritional support for good health.

Research shows that CORE may help: *support the immune system, support heart health, support skin health, and help against free radicals.**

EASE Oil and Capsules: Joint Health

This comprehensive nutritional supplement helps support joint health and promotes better flexibility. EASE is also an omega-rich immune booster with powerful antioxidant activity to support heart health and help strengthen immunity. EASE Liquid &

EASE Capsules both contain **red raspberry** and **Nigella Gold™** (black cumin) seed oils. The capsules also contain flax seed oil.*

EASE may help: *support joint health, promote better flexibility, support the immune system, and support heart health.**

BOOST: Immune System Support

BOOST helps turbo-charge immune support. It contains **black raspberry** and **black cumin** seed nutri-

powders, both rich in antioxidant activity, which help support the body and immune system.

Research suggests that BOOST: *provides a wealth of antioxidant activity and helps fight against free radicals.**

SMART: Sharpen Your Mental Edge

SMART is specialized to help support brain health. Made with the powerful antioxidant activity of **blueberry** and **grape seed**

nutri-powders.

SMART may help: *promote neural health, support circulation and support mental sharpness.*

RECOVERY: Support Active Lifestyles

When taken daily, RECOVERY may help with: exercise and related muscle soreness and

fatigue, increased energy levels and fighting free radical activity. With a potent blend of seven all-natural seed flours, **RECOVERY** has a broad range of antioxidant activity to help enhance immune response.*

PROBIOTIC: For Healthy Digestive Tracts

PROBIOTIC combines seven different probiotics with a **cranberry** plant agent to promote urinary

tract health and a patented coating that ensures the "good flora" make it to the intestines. PROBIOTIC delivers a robust blend of probiotics to help promote healthy, regular digestion combined with antioxidant activity to promote overall health. This probiotic blend contains 3 billion CFU/serving at time of manufacture.

DEFEND+ ENERGY Drink Mix

DEFEND+ ENERGY is a nutritional defense and energy boosting system in sealed packets ready to mix with water, using sustainable, natural ingredients and NO ADDED CAFFEINE.

DEFEND+ ENERGY's blend of 8 fruit and herb seed powders and D-Ribose supports natural defenses and energy levels. DEFEND+ ENERGY also delivers 4 times the vitamin C found in one glass of orange juice!

RENEW ANTI-AGING FACIAL SERUM™
